Quick Korean

An online Korean program designed to make
learning Korean easy for everyone around the world

CUK Korean Language Education Institute is recruiting regular Korean classes and consignment classes. Regular classes are applied individually according to the lecture schedule opened by CUK Korean Language Education Institute. And the consigned education class is to register for classes of groups. In the case of the consigned education class, the duration and date from the Korean language education program can be adjusted, so please pay a lot of attention to it.

What is online 'Quick Korean Premium Program'?

'Quick Korean' online content, which received high praises by people from more than 200 countries around the world, has been redesigned as 'Quick Korean Premium Program'. What is online 'Korean Alphabet Course'?

- Korean Alphabet Course is designed to strengthen one's foundation of Korean. The curriculum focuses on studying in-depth about the Korean Alphabet through eight systematically designed learning sessions in the course. The course expands upon material introduced in two sessions of Quick Korean Level 1.
- Korean Alphabet Course will support students in building strong foundations in Korean. Through this course, students will learn about the Principles of Alphabetic Combination of Korean, phonological rules, intonation, etc.
- The course will be of great help to those who have learned but want to develop their speaking skills more accurately and fluently. This course is also strongly recommended for students who are preparing for the 'TOPIK' speaking test, or for those who have no experience of learning Korean.
(Each session takes approximately 50 minutes.)
